So jump in and break free.

Models shown are not UK specification.

DESIGNED TO MAKE A STATEMENT

The KODIAQ isn't just a car built to take on the toughest terrains with ease. Its tornado lines, precise edges and crystalline influences add to its distinguished style.

FRONT LIGHT SYSTEM

This adaptive system adjusts light intensity to match the conditions, providing a wider lighting field for city driving and a longer reach for motorways. When oncoming traffic is detected, it automatically adjusts to prevent dazzling others.

REAR LED LIGHTS

Designed to be seen in every sense, these rear LED lights feature ŠKODA's distinctive C-shape crystalline style with their prominent and eye-catching multi-faceted finish.

PANORAMIC SUNROOF

This electrically adjustable panoramic sunroof and blind provides extra sunlight and fresh air at the simple touch of a button.

WHEELS

Ranging from 18" to 20", a choice of alloy wheel options are available, giving you the opportunity to uniquely personalise the KODIAQ's distinctive exterior.

Models shown are not UK specification. Some of the equipment shown is optional.

FIRST-CLASS TRAVEL FOR UP TO SEVEN PASSENGERS

With many clever features designed to make your life just a little easier, the only thing not packed into the KODIAQ's stylish interior are your passengers. Available with up to seven seats.

Models shown are not UK specification. Some of the equipment shown is optional.

TRI-ZONE CLIMATE CONTROL

This intelligent system enables different temperatures to be set for the driver, co-driver and rear passengers. It's also fitted with a sun sensor and humidity sensor to reduce windscreen misting.

PERSONALISATION OPTIONS

The infotainment system enables different drivers to save their individual preferences, from seat positioning and driving mode to the choice of music on the radio.

LED INTERIOR LIGHT PACK

Selecting the KODIAQ's LED ambient lighting is anything but a black and white decision. From the understated to the unapologetically bold, ten colour options are available.

DIGITAL VOICE ENHANCEMENT

Particularly handy on noisy roads, this innovative feature transmits the voices of those in the front seats to rear seat occupants in real time through the infotainment system.

MAKE THE UNEXPECTED A FAMILY TRADITION

Even when tackling extreme terrains, every twist and turn is easier with off-road mode, providing hill-hold control, descent and braking assistance.

Models shown are not UK specification. Some of the equipment shown is optional.

FUEL-EFFICIENT ENGINES

Whether you favour petrol or diesel, you'll find a clever engine to suit.

DYNAMIC CHASSIS CONTROL

This feature lets you switch between six driving modes, giving you added comfort, power or grip, depending on the terrain.

FOUR-WHEEL DRIVE

The 4x4 system is designed to smoothly distribute the torque between front and rear axles automatically, to help you maintain control and stability.

DIRECT SHIFT GEARBOX (DSG)

DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

CONNECTIVITY TO GO WHEREVER YOU GO

By enabling you to be fully online on the move, the KODIAQ helps you stay connected wherever your adventure takes you. Thanks to its smart assistance systems, you'll also know the best places to park, shortcuts to take and routes to avoid.

ŠKODA CONNECT

The new ŠKODA Connect system turns the KODIAQ into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. With Proactive Services the car will contact your ŠKODA Retailer to arrange a service. Finally, Emergency Call will contact the emergency services in the event of an accident to get you the help you need.

AN INTERIOR FOR LOVERS OF WIDE OPEN SPACE

JUMBO BOX
Equipped with cup holders and handy storage compartments, the Jumbo Box will store your gadgets, house keys and books.

SPACIOUS STORAGE
Several spacious storage compartments have been included in the interior to help you keep it looking its best. Some can also be air-conditioned, making it perfect for storing chilled refreshments.

MORE ROOM TO PLEASE

With the rear seats folded (five seat versions), there’s a remarkable 2,065 litres of space available. That means ample room for everything that’s important to you. The remote release button makes folding the rear seats easy.

YOUR KODIAQ, YOUR WAY

From stylish extras that make ordinary trips feel extraordinary, to practical touches that ensure nothing gets left behind, it's your call to make.

NEXTBASE 522GW DASH CAM AND GO PACK

Recording in 1440p HD, the new Nextbase 522GW Dash Cam now packs even more features into the UK's most popular dash cam brand, including built-in Amazon Alexa, HD touchscreen and Intelligent park mode - which begins recording when any physical vehicle movement is detected, keeping your vehicle safe when parked.

RUNNING BOARDS

To enhance the luxury look, our exclusive, stylish stainless steel, anti-slip running boards make it easier to get in and out of your car, as well as loading various objects stored in the roof box. To guarantee a high load capacity (up to 300 kg) and resistance to damage, they are made from metal and are designed to ensure that their contact surface perfectly copies that of the door sills.

ROOF BOX AND ROOF BARS

By using the roof box in conjunction with our aluminium roof bars, you solve a common problem when transporting large, awkward objects such as skis, snowboards, pushchairs and golf bags that don't fit into the luggage compartment of a fully seated car. With its spacious 380 litres of volume, it can comfortably carry up to 75 kg in total stability.

THERMO-ELECTRIC COOLING BOX (15L)

Its utility and versatility make this ideal for travelling, whether it's long journeys or for food that needs to be kept cool when doing your daily shop. It cools your food quickly and uniformly - drinks, fruit and other food are always within easy reach on hot summer days. When switched to Thermobox mode, it allows you to warm up snacks or keep them at the temperature you require.

NETTING SYSTEM

Its utility and versatility make this ideal for travelling, whether it's long journeys or for food that needs to be kept cool when doing your daily shop. It cools your food quickly and uniformly - drinks, fruit and other food are always within easy reach on hot summer days. When switched to Thermobox mode, it allows you to warm up snacks or keep them at the temperature you require.

REAR SEAT PROTECTION AND DOG SAFETY BELT

Forget worrying about the cleanliness of your car, particularly when transporting your pet. This easy-to-clean seat protector is sufficiently sized to cover the back seats. It is waterproof, washable and has an anti-slip treatment for your pet's safety. The safety belt keeps your dog safe and is available in a variety of sizes.

PROTECTION PACK

Avoid mud splashes and debris around your KODIAQ's wheels and sills, as well as in the boot and underfoot. Included in the pack are mudflaps, front and rear floor mats (either textile or rubber), and a boot liner for five seat vehicles. All of these items can also be purchased separately.

MUDFLAPS

Mudflaps prevent stones, grit and road spray from ruining your precious bodywork. This custom design is moulded to fit snugly into the contours of the wheel arches.

REVERSIBLE BOOT LINER

Keep your car's boot immaculate with this easy-to-clean boot liner. Fabric on one side and plastic on the other, it fits perfectly onto the car's floor cushion and protects your boot space when transporting dirty or wet items.

FLOOR MATS

These quality mats will keep your carpeted floors looking pristine. Thanks to quick release floor poppers, they won't slip around beneath your feet. They come in textile fabric but rubber versions are also available for the more outdoorsy types.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards - this rate currently applies to all ŠKODA diesel models.

Note: Cars with a list price of £40,000 or more will pay an additional £325 on top of the first year rate and for a further four years on the standard rate (total of five years).

BiK CALCULATION EXAMPLE

Based on KODIAQ SE 1.5 TSI 150PS ACT (5-seat)		
P11D value		£26,215.00
Company car BiK tax based on CO ₂ emission level		35%
Taxable BiK (for 2020/2021 tax year):	35% of £26,215.00	£9,175.25
Annual company car tax (2020/21)		
20% income tax	20% of £9,175.25	£1,835.05
40% income tax	40% of £9,175.25	£3,670.10
Monthly company car tax (2020/21)		
20% income tax	£1,835.05 divided by 12 months	£152.92
40% income tax	£3,670.10 divided by 12 months	£305.84

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2020/2021.

ADDITIONAL INFORMATION

ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car’s value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first two services for one payment of just £342 or 18 monthly payments of £19.00. The service plan includes a maximum of one oil service and one oil and inspection service. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services.

Service intervals

When you order your KODIAQ, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at: skoda.co.uk/owners/accessories-and-merchandise

Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st April 2020. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see skoda.co.uk/owners/wltp-info or consult your retailer.

For fuel consumption data based on the outgoing test cycle (NEDC equivalent data), which is the 'official' UK fuel consumption data until 31.12.18, please consult your retailer.

ŠKODA UK may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen ŠKODA Retailer.
