NEW

DIGITAL DISCOVERY: THE BMW BROCHURES APP.

More information, more driving pleasure: The BMW brochures app offers you a brand new digital and interactive BMW experience. Download the BMW brochures app for your smartphone or tablet now and explore new perspectives of your BMW.

Depending on your mobile phone contract, you may incur additional costs for accessing the Internet.

THE BMW 3 SERIES TOURING. SHEER DRIVING PLEASURE. UNMATCHED.

THE MODEL SHOWN:

- 04 THE BMW 3 SERIES 320d TOURING:** BMW TwinPower Turbo four-cylinder in-line diesel engine, 190hp (140kW), 18" light alloy V-spoke style 658 wheels, Platinum Silver paint, Dakota leather seats in Cognac.

INNOVATION AND TECHNOLOGY.

- 20 BMW EFFICIENT DYNAMICS:** Making light work of lower fuel consumption.
- 22 BMW CONNECTED DRIVE:** Digital services & driver assistance.
- 24 SUSPENSION:** Innovative systems for more driving pleasure.
- 25 SAFETY:** Technology at the highest level.

INDIVIDUALITY AND ADAPTABILITY.

- 28 EQUIPMENT:** BMW Models, BMW Individual, Equipment Highlights, Wheels and Tyres, Genuine BMW Accessories.
- 44 COLOURS:** Exterior and interior colours.
- 48 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

SPORT- LIFE- BALANCE.

Joy has many faces. The most exhilarating one of them comes in the shape of the BMW 3 Series, a car defined by its compelling, breathtakingly sporty design; by clever functionality that not only makes life easier, but also creates room for unlimited enjoyment. It stands for the kind of joy apparent in every straight, every curve, every trip to town and every cruise into a long weekend. No matter where you're headed – the destination is joy. Let yourself be amazed. Discover the BMW 3 Series Touring!

**THE MOST BEAUTIFUL LINES
ARE REFLECTED IN YOUR FACE.**

Euphoria from the start. All aspects of the BMW 3 Series Touring is designed to turn every drive into a special event. The interior is particularly luxurious due to a high standard of materials and craftsmanship, with standard ambient lighting (optional for SE) providing a tasteful illumination of the cabin. The driver focused centre console is especially comfortable with driver assistance systems such as optional Head-up Display to make every drive safer and more enjoyable. Who would ever want to get out?

M CV 1143

PROMISES. MADE REAL.

Functional dynamism. The BMW 3 Series Touring confidently demonstrates just how sporting everyday usability can be – when designed by BMW. The front, sides and rear combine to form a harmonious whole marked by classic Touring proportions and a wide stance on the road. The LED taillights, round twin headlights and dynamic front and rear aprons emphasise this effect. The result is not just pleasing to the eye, it also ensures perfect visibility at any time.

PERFECT 40:20:40 PROPORTIONS.

Sometimes a small movement creates a lot of space. Automatic tailgate operation in the BMW 3 Series Touring with optional Comfort Access turns even the biggest challenges into a walk in the park. The BMW 3 Series Touring fully adapts to your individual needs. Examples include the generous interior with a 40:20:40-split rear seat as well as a separately opening rear window for quickly adding small items to the boot.

A REAL THOROUGHbred.

Perfectly sporty. The BMW 3 Series Touring doesn't make compromises but instead delivers all-round convincing performance. It effortlessly combines athletics, efficiency and lifestyle with clever functionality and a design that radiates dynamism with an urge to perform even when parked. But its true talent is on the road, where it provides an overwhelming sense of enjoyment every time you take it for a spin. Ready when you are: the BMW 3 Series Touring.

INNOVATION AND TECHNOLOGY.

BMW EFFICIENT DYNAMICS: Making light work of lower fuel consumption.

BMW CONNECTED DRIVE: In touch with your world.

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

www.bmw.com/efficientdynamics

In the BMW 3 Series Touring.

MORE POWER FROM LESS FUEL.

More power from 3 to 12 cylinders. Consume less, experience more – the BMW TwinPower Turbo engines offer the greatest possible dynamic performance with the greatest possible efficiency thanks to the newest injection systems, variable output control and sophisticated turbocharger technology. Whether diesel or petrol, and no matter how many cylinders, the engines from the BMW EfficientDynamics engine family allow more agile power delivery and outstanding responsiveness even at low rpms, while being fuel-efficient and low in emissions.

MORE DRIVING PLEASURE, LESS EMISSIONS.

BMW EfficientDynamics includes not only the engine and drivetrain, but rather the whole vehicle concept, including intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW has managed to reduce the CO₂ emissions of its fleet by 33% since 2000.

MORE SPEED, LESS WEIGHT.

Lower weight with intelligent lightweight construction. Special consideration for every last detail – intelligent lightweight construction means that the optimal material is found and implemented for each part of the vehicle. With extremely light high-tech materials such as aluminium and carbon fibre, BMW EfficientLightweight is pursuing the goal of minimising vehicle weight. That leads to even more dynamic performance, increased stability and heightened vehicle safety and comfort.

MORE ENERGY, LESS PETROL.

100% driving pleasure with 0% local emissions: BMW eDrive technology makes this dream come true. Energy for electric driving is supplied by a high-voltage lithium-ion battery and maximised by numerous efficiency measures such as Brake Energy Regeneration. The completely new synchronous electric motor BMW has developed for BMW eDrive provides plentiful torque for acceleration, available all the way to the car's maximum speed, to combine sustainable mobility with outstanding agility and dynamic performance.

INTELLIGENT START/STOP FUNCTION

The Intelligent Start/Stop function enhances driving comfort with the help of the interaction of the navigation, camera and radar data. It switches the engine off only when an extended standing time is expected and the energy required to start the engine is likely to be lower than that saved when it is shut down.

BMW EFFICIENT LIGHTWEIGHT

Intelligent lightweight construction at BMW means using the right material for the right parts of the vehicle. For every single component, the most suitable material is selected. This philosophy, also known as BMW EfficientLightweight, is now integral to BMW EfficientDynamics and applied to every BMW.

AERODYNAMICS

Thanks to optimised aerodynamic features, every BMW boasts an excellent drag coefficient. This has a positive impact on efficiency and driving stability, and reduces the level of noise in the interior. The features responsible for this include air vent control, the flat underbody cover and the Air Curtain in the front apron.

ECO PRO MODE

The ECO PRO mode helps drivers reduce their fuel consumption by up to 20%, depending on their driving style. A further 5% can be saved through use of the coasting function, Route-ahead Assistant and ECO PRO Route.¹

¹ Determined in an internal BMW fuel consumption study.

BMW ConnectedDrive.

www.bmw.co.uk/connected

REGISTERS UP TO **360** DEGREES OF THE VEHICLE'S SURROUNDINGS.

Enjoy the greatest convenience and the highest level of safety with BMW ConnectedDrive. For driving, parking and visibility, the BMW ConnectedDrive driver assistance systems are there when you need them, reliably, in every situation. The most cutting-edge systems, such as radar, ultrasound and cameras, dependably register the vehicle's surroundings, forming the basis for intelligent driver assistance systems. Whether activated when desired, or as emergency assistance in the background – the assistance systems from BMW ConnectedDrive make every drive in your BMW safer and more convenient.

CONNECTED FOR OVER **40** YEARS.

Focused on the future – from the very beginning. By the 1970s, BMW had already made headway in connected mobility. Another milestone of the digital future was surpassed in 1999: vehicles with built-in SIM cards. Then came the first online functionality, Google Services and innovative display systems such as the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. As the first premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected and the Open Mobility Cloud, BMW is taking the next steps into the future of mobility.

MORE THAN **20** SERVICES IN THE BMW CONNECTED DRIVE STORE.

The ConnectedDrive Services equipment forms the basis for intelligent BMW ConnectedDrive functions. This equipment also provides access to the BMW ConnectedDrive Store, in which services can be ordered and extended easily, any time and anywhere to suit the user's individual requirements – for example with the Concierge Service or Online Entertainment, which turn every drive into a convenient and entertaining experience.

IN TOUCH **24/7** WITH BMW CONNECTED.

What would it be like if you were never late again? What if your BMW already knew your regular destinations? How would you like reliable navigation, whether you're sitting in your vehicle or not? BMW Connected provides you with the information you need, when and where you want it. BMW Connected is a personal mobility assistant which facilitates your everyday mobility and aids you in reaching your destinations relaxed and on time. With the BMW Connected App, mobility-relevant information such as recommendations for optimal departure times are available via a smartphone or smartwatch and can be seamlessly transmitted to the car.

BMW ConnectedDrive Connected to be free.

DOOR-TO-DOOR NAVIGATION

Get to your appointments relaxed and on time: no problem thanks to the BMW Connected app Door-to-door navigation. On arrival, users can use their iPhone or a connected Apple watch to be guided from their parked car to their final destination on foot.

APPLE CAR PLAY PREPARATION

Preparation for Apple CarPlay® supports the convenient and secure wireless use of a compatible iPhone® in the vehicle. This allows smartphone content, along with functions such as music, iMessages/text messages, telephony, Siri and selected third-party apps, to be displayed and operated in the regular manner via the vehicle's user interface.¹

BMW HEAD-UP DISPLAY

The full-colour BMW Head-Up Display projects information relevant to the journey directly into the driver's field of vision, thereby allowing them to fully concentrate on driving. The display includes information such as the current speed, navigation directions, Speed Limit Info incl. no-overtaking indicator, along with telephone and entertainment lists.²

ACTIVE CRUISE CONTROL

Active Cruise Control with 'Stop&Go' function including approach control warning with braking function maintains a speed preselected by the driver, as well as the distance to the vehicle ahead. The BMW takes over accelerating and braking and keeps the predetermined distance to the car ahead even in slow-moving traffic and down to a stand-still in traffic jams.³

¹ Only available in conjunction with BMW Navigation system - Professional Multimedia and Enhanced Bluetooth telephone preparation. Subscription based service. Compatibility depends on iPhone model and installed software.

² Further optional equipment is required for additional on-screen functions.
³ Stop&Go function is only available with automatic transmissions.

Suspension.

Innovative systems for more driving pleasure.

An ideal **axle load distribution** of 50:50 helps ensure great directional stability, agile handling and a precise steering response. A lower centre of gravity, along with a long wheelbase with short overhangs, generates optimal conditions for these positive driving characteristics.

The intelligent **BMW xDrive all-wheel-drive system** adapts perfectly to even the most challenging road surface conditions, always offering outstanding traction. With BMW xDrive and Dynamic Stability Control (DSC), the vehicle remains directionally stable and on track. To counteract any risk of oversteer or understeer, BMW xDrive proactively distributes drive power between the two axles, using input from the DSC sensors. This means that fewer DSC interventions are necessary when road surface conditions are poor. BMW xDrive combines the advantages of all-wheel-drive – traction, directional stability and safety – with classic BMW agility, for even more driving pleasure.

Standard suspension offers a high level of precision, agility and suspension comfort. This is made possible by a double-joint spring-strut front axle made of aluminium and a sophisticated five-arm rear axle, along with elaborate tuning.

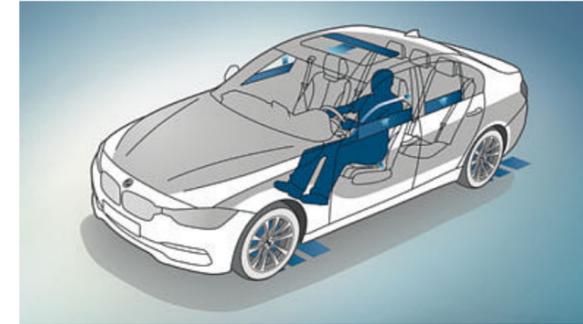

The optional **Adaptive M Sport Suspension** electronically adjusts the suspension to suit the road conditions and driving situation at all times. The driver can also adjust the suspension characteristics via Drive Performance Control to enable their preferred driving style at the time – from comfortable to athletic with markedly agile handling.

The optional **Variable Sport steering** creates a direct and agile steering response so less effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when using a sporty driving style as well as comfort during parking and turning.

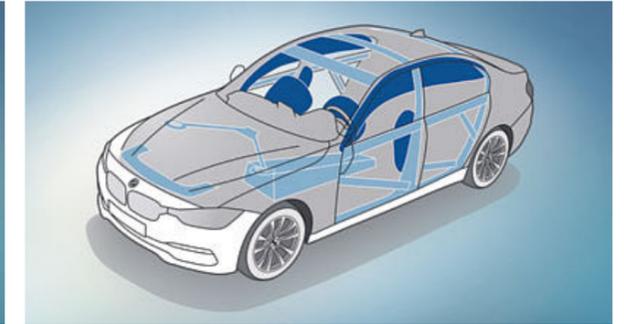

The hallmark BMW **rear-wheel-drive** ensures excellent unimpaired steering precision due to the fact that the front axle is not affected by any form of torque steer with this type of drive. Furthermore, the dynamic axle load distribution associated with a rear-wheel-drive ensures great traction when accelerating from a standstill.

Safety.

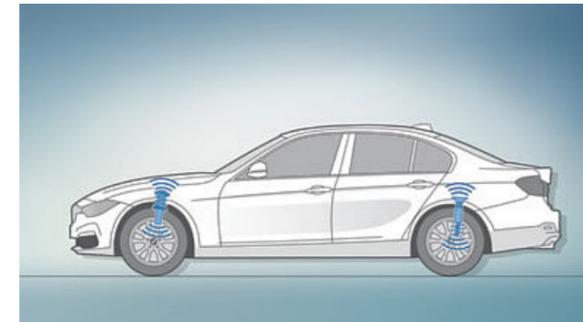

Technology at the highest level.

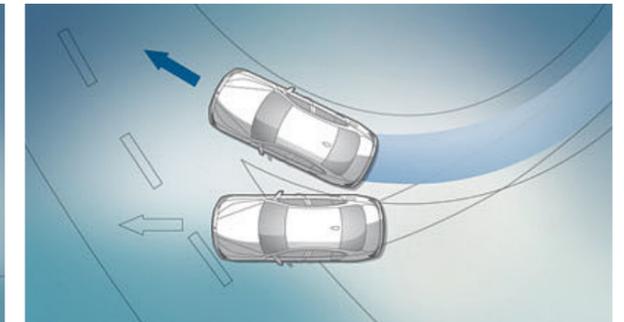

Dynamic Safety warns the driver if it detects signs of tiredness, intervenes in critical situations and brings the car to a standstill after an accident.

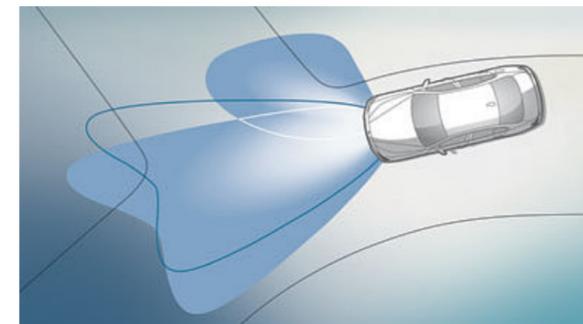

Airbags for the driver and front passenger along with head and side airbags provide strategic protection. The rigid passenger cell provides the best possible passive safety in the event of a front, side or rear collision.

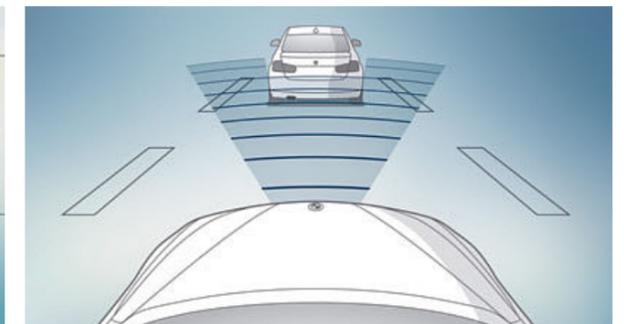

The low-set **Adaptive M Sport Suspension** with variable damper control allows the driver to choose between comfortable or dynamic suspension settings.

Dynamic Stability Control (DSC) recognises any risk of skidding and stabilises the vehicle.

BMW Icon Adaptive LED headlights provide significantly better illumination and visibility than conventional systems in all driving situations.

Active Cruise Control with Stop & Go function¹ automatically maintains a preselected speed and adjusts the distance to the vehicle ahead.

INDIVIDUALITY AND ADAPTABILITY.

EQUIPMENT: BMW Models, BMW Individual, Equipment Highlights, Wheels and Tyres, Genuine BMW Accessories.

COLOURS: Exterior and interior colours.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

SE / ED PLUS / ED SPORT.

■ Standard equipment □ Optional equipment

Base model equipment:

- 17" light alloy V-spoke style 395 wheels
- Automatic air conditioning, two-zone
- Bluetooth hands-free facility with USB audio interface
- BMW Remote Services
- DAB tuner
- Exhaust tailpipe with Chrome finisher
- Exterior trim, Matt Black
- Interior trim, Satin Silver
- Kidney grille, Chrome with Black vertical slats
- LED rear lights
- LED headlights
- Mirror caps in body colour
- Move cloth upholstery
- Multi-function leather steering
- Servotronic

Additional equipment - 320d ED Plus / 320d ED Sport:

- 16" light alloy V-spoke style 390 wheels with Michelin EnergySaver tyres (ED Plus)
- 17" light alloy Double-spoke style 392 wheels (ED Sport)
- Active Air Flaps, within kidney grille
- Dakota leather upholstery
- Seat heating for driver and front passenger

01 □

02 ■

03 ■

[02] The standard multi-function leather steering wheel has a pleasant feel, and high-class craftsmanship creates a premium ambience in the interior.

[03] Standard Move cloth upholstery in Anthracite combined with Satin Silver interior trim shown above. The BMW 3 Series includes numerous storage compartments as standard, such as door compartments big enough to hold 1 litre bottles.

04 ■

[04] 16" light alloy V-spoke style 390 wheels, standard with 320d ED Plus model.

SPORT.

■ Standard equipment □ Optional equipment

Sport model interior equipment:

- Door sill finishers with BMW designation
- Sport seats, front, upholstered in Corner cloth; other upholsteries available
- Sport multi-function leather steering wheel, three-spoke with Red stitching
- Interior trim, Black, High-gloss with Coral Red Matt finisher; other trims available
- Sport instrument cluster with Red highlight and chrono scale
- Air-conditioning and radio control panel with Chrome highlight
- Welcome light using LED technology
- Ambient lighting, switchable BMW Classic Orange/Cold White LED
- Extended lighting
- Seat heating for driver and front passenger (ED Sport only)

Sport model exterior equipment:

- Kidney grille, Chrome with extra-wide Black, High-gloss vertical slats
- 17" light alloy Double-spoke style 392 wheels; other wheels available
- Side air inlets, highlighter in Black/Aluminium
- Front air inlet with Black, High-gloss finisher
- Exterior B pillar in Black, High-gloss
- Rear bumper with Black, High-gloss finisher
- Exhaust tailpipe/s with Dark Chrome finisher
- Park Distance Control (PDC), rear

BMW Individual

The expression of personality.

BMW Individual Tanzanite Blue metallic paint and BMW Individual light alloy V-spoke style 439 I wheels.

The BMW 3 Series Touring. Inspired by BMW Individual.

□ Driving a BMW is already a sign of special sophistication. Those who would like to take turning their car into an individual reflection of their personality further will find near infinite possibilities for differentiation in the ranges offered by the BMW Individual Collection and the BMW Individual Manufaktur.

Perfectly matched to each model series, the BMW Individual Collection offers a highly exclusive selection of equipment options: Paint finishes that sparkle and reflect the light or convey a matt effect. Leather that is unique in colour and scope, rounded off with expertly applied contrasts and decorative stitching. Interior trims executed in the rarest precious woods, with a flawless piano finish or the finest leather upholstery.

This range is only surpassed by the artistry of the BMW Individual Manufaktur. It has a sole mission: to turn even the most individual customer request into reality by means of style and perfect workmanship.

BMW Individual interior trim in Piano Black and instrument panel finished in Nappa leather.

BMW Individual Merino leather in Cashmere Beige, leather instrument panel and interior trim in Piano Black.

EXPERIENCE BMW INDIVIDUAL INTERACTIVE
WITH THE BMW INDIVIDUAL APP FOR iOS AND ANDROID.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] LED headlights, for both low and high beam, offering a greater resemblance to daylight.

[02] The rear lights with their characteristic L-shape and lighting elements in full LED technology identify the vehicle as a BMW even in the dark.

[03] Exhaust tailpipe/s with Chrome finisher for SE and M Sport models and Dark Chrome finisher with Sport models.

[04] The roof rails in Matt Aluminium provide the base for a multifunctional BMW roof rack unit.

[05] The low-set Adaptive M Sport suspension with variable damper control continuously reacts to the road surface and driving style.

[06] BMW Icon Adaptive LED headlights provide significantly better illumination and visibility than conventional systems in every driving situation. Also includes BMW Selective Beam functionality.

[07] The electric Panoramic sunroof has an integrated wind deflector, sun protection and sliding headlining. It has a slide and tilt function and is conveniently opened and closed via the remote key or one-touch function.

[08] The Comfort Access system allows keyless access to the vehicles, includes smart-opener for contactless opening of the bootlid via a sensor located beneath the bumper.

[09] BMW Individual instrument panel finished in Merino leather: lower dashboard is Merino leather to match the upholstery colour and the upper section is in Nappa leather.

[10] Air conditioning, automatic with two-zone control includes Automatic Air Recirculation (AAR) with an active carbon filter, as well as fogging and solar sensors.

[11] M leather steering wheel including multifunction buttons, steering wheel rim in Black Nappa leather with contoured thumb rests.

[12] The high-grip Sport leather steering wheel with Black stitching, a thick rim and contoured thumb rests has an exceptionally pleasant feel. Finished in Black leather with giving a premium feel.

[13] The electrical seat adjustment is easy to use and the memory function allows drivers to save their preferred settings for the seat and exterior mirrors.

[14] The BMW Individual leather steering wheel features a premium-quality Nappa leather cover over a thicker, optimally shaped steering wheel rim.

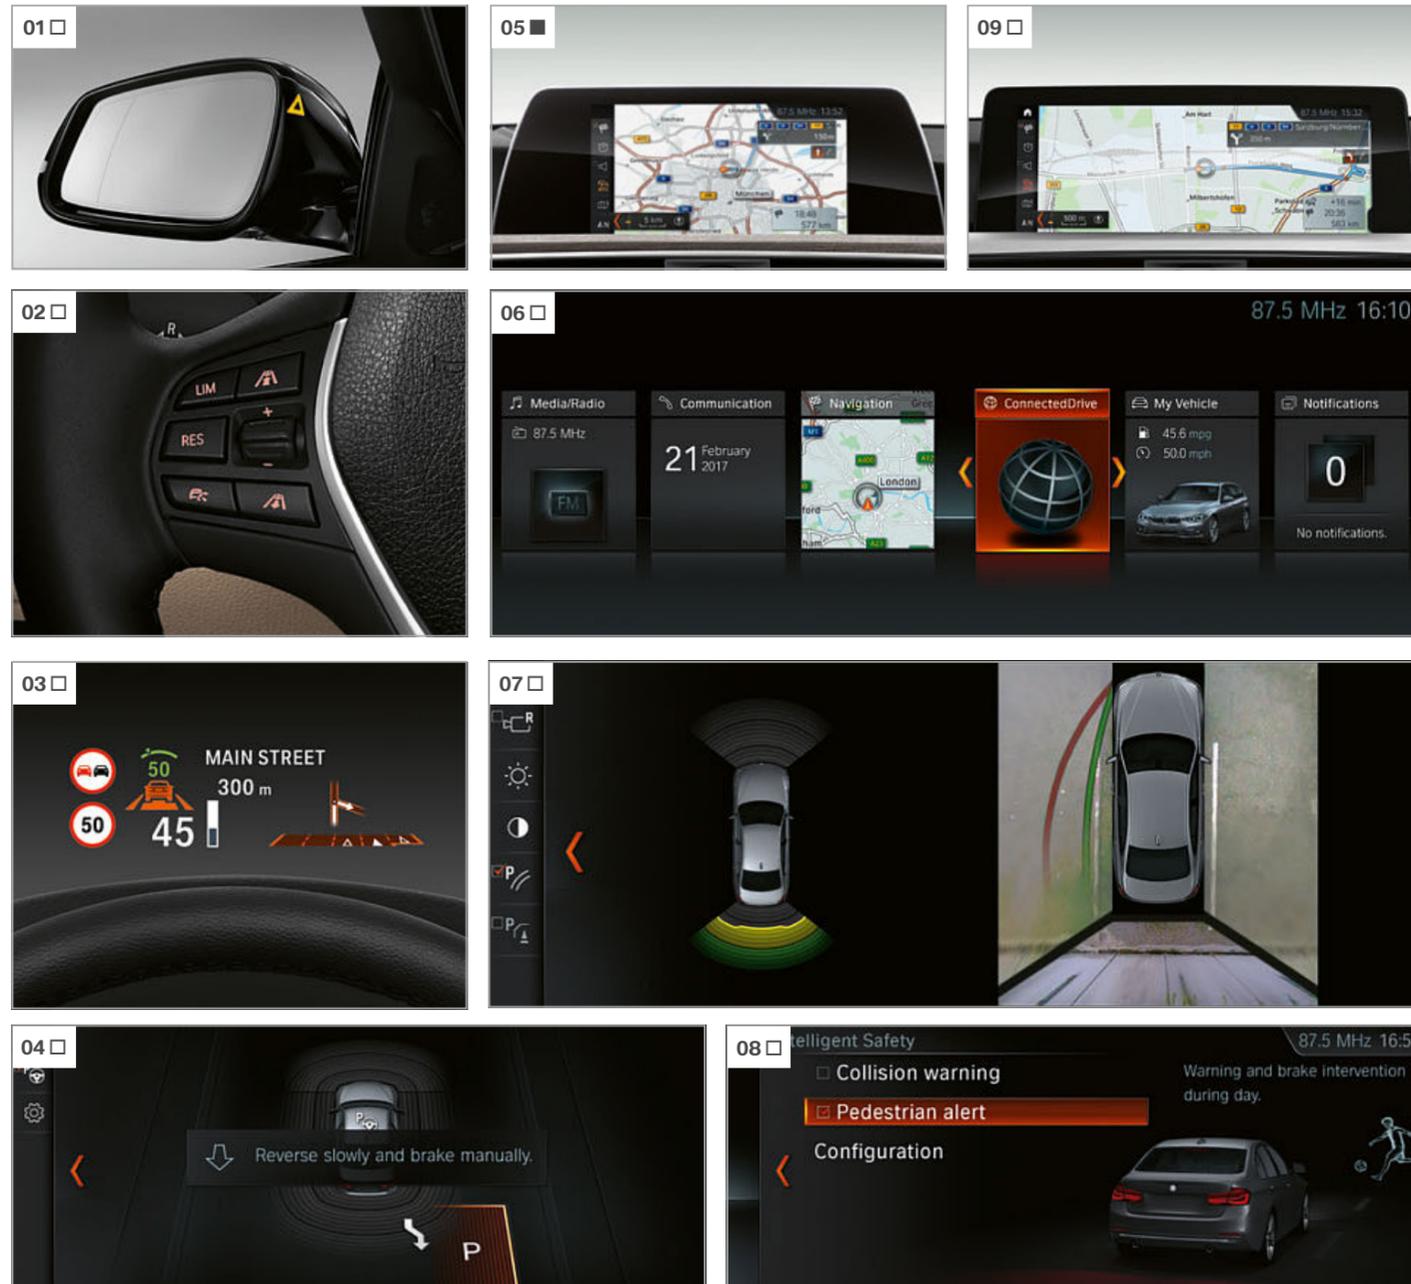

[15] The BMW 3 Series features cupholders in front of the gear lever plus many other handy storage trays and compartments.

[16] The eight-speed Steptronic Sport transmission offers sporty gear changes, automatically and manually, via the gearshift paddles or selector lever.

[17] Extended lighting features numerous LED lights both inside and outside the car for increased convenience, safety and a premium look.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Lane Change Warning alerts the driver during lane changes if there is a vehicle in the driver's blind spot or approaching on the adjacent lane by using a visual signal and vibrating the steering wheel.

[02] Active Cruise Control with Stop & Go function¹ automatically maintains a pre-selected speed and the distance to the vehicle in front.

[03] Full-colour Head-up Display projects information relevant to the journey directly into the driver's field of vision.²

[04] Park Assist makes parallel parking easier. The car does the steering while the driver operates the accelerator and brake pedals.

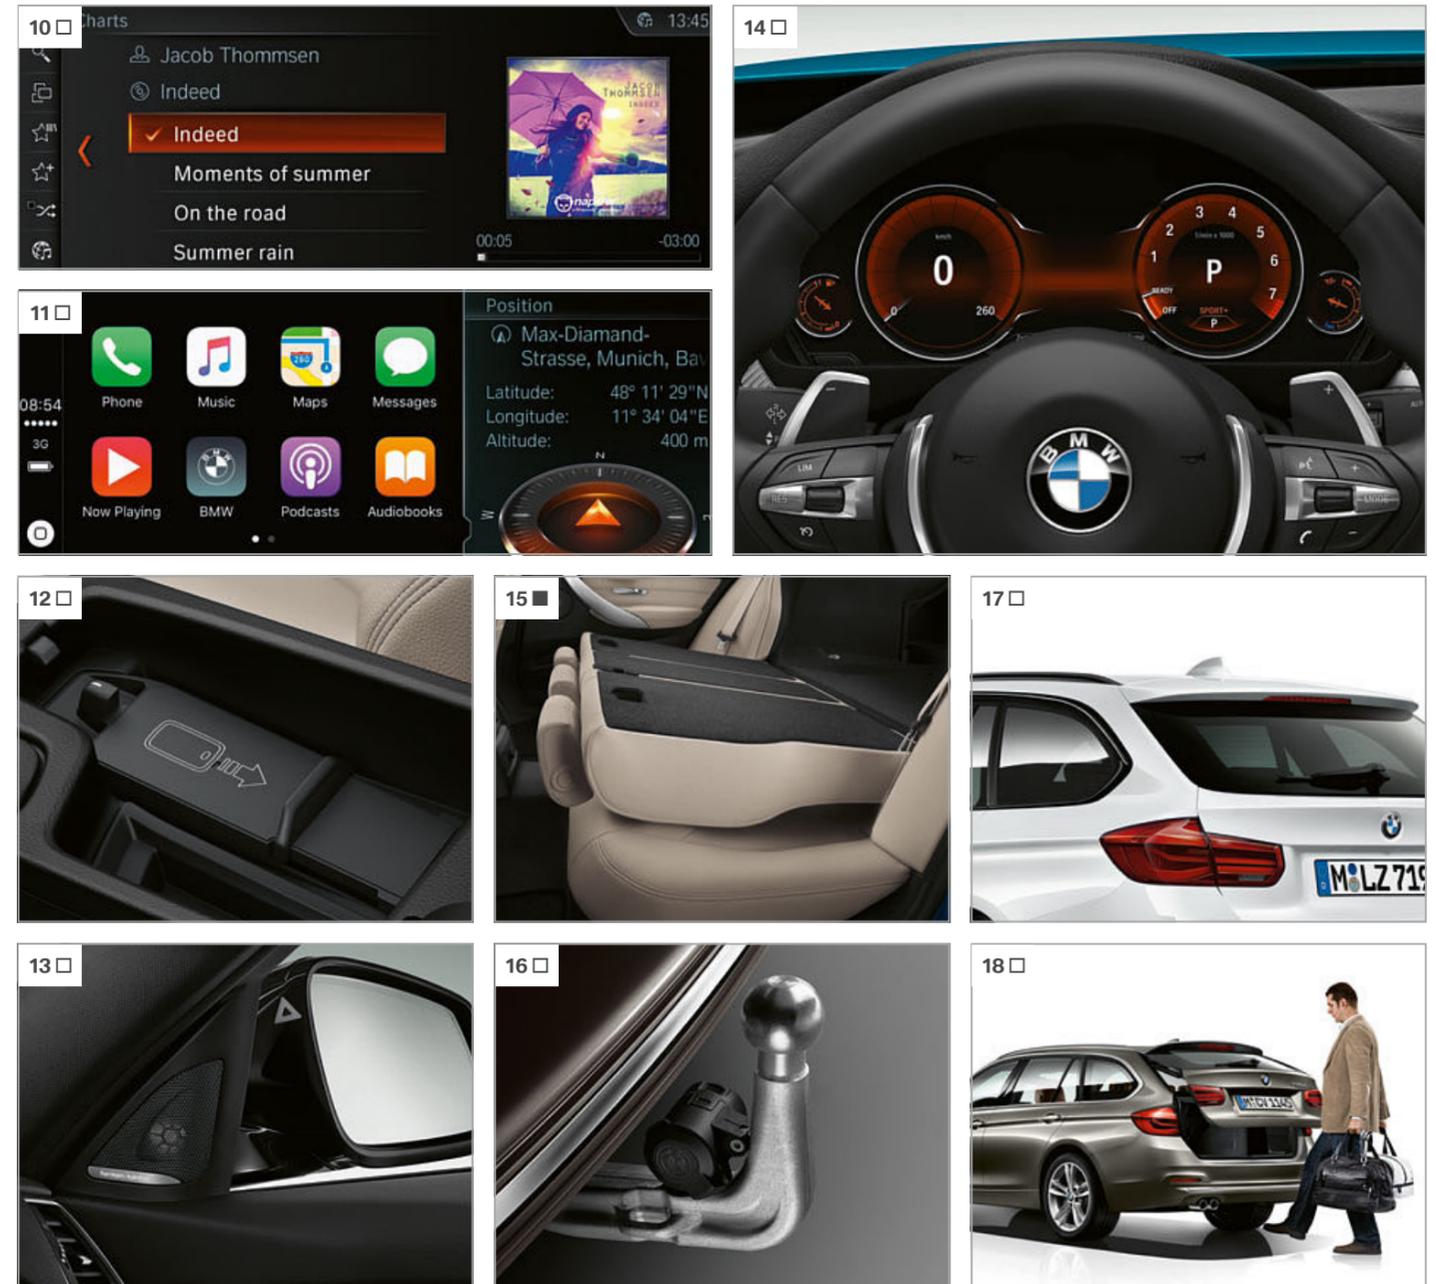

[05] BMW Navigation System with iDrive Controller and a built-in 6.5" colour display. Includes route planning, multiple map views and 3D city models.

[06] BMW Navigation system – Professional Multimedia includes touchscreen control, 8.8" widescreen display, USB interface, route planning, map views and automatic map updates.

[07] Surround View is a visual parking aid using camera-based functions including Top-view, Side-view with images shown in the Control Display.

[08] Driving Assistant draws the driver's attention to an unintentional lane change or possible collision and brakes the vehicle automatically in the event of an emergency.

[09] The BMW Professional Multimedia Navigation system features voice recognition and 20GB of memory.

[10] Online Entertainment enables direct and unlimited access to millions of tracks. So you can create a playlist at home and stream the same playlist inside the vehicle.

[11] Preparation for Apple CarPlay® supports the convenient and secure wireless use of an iPhone® via the vehicle's user interface³.

[12] Enhanced Bluetooth with wireless charging offers a comprehensive telephony package with Bluetooth connectivity and the technical capacity for a WiFi hotspot⁴.

[13] Featuring 600W digital amplifier, 16 loudspeakers with chrome detailing and vehicle-specific equalising, the harman/kardon loudspeaker system impresses with sublime sound.

[14] The Digital Cockpit with Black panel technology and high resolution screen provides an impressive visualisation of the driving experience. Different driving modes each have their own colour scheme and graphic style.

[15] The split-folding rear seats are divisible in a 40:20:40 ratio that guarantees flexibility when transporting people and objects.

[16] The electric tow bar, with stability control, is capable of pulling heavy loads of up to 1,800kg.

[17] With tinted rear and rear side windows, the sun protection glass assists to reduce the temperature of the interior as well as enhancing privacy.

[18] As part of Comfort Access, the smart-opener provides contactless opening of the tailgate via a sensor under the rear bumper.

¹ Only available in combination with Automatic transmission.
² Image also shows optional Speed-limit information.

³ Only available in conjunction with BMW Navigation system - Professional Multimedia [06] and Enhanced Bluetooth telephone preparation [12].
⁴ For information on the Bluetooth compatibility of smartphones and other mobile devices please visit www.bmw.com/bluetooth

WHEELS AND TYRES.

¹ Please note that even normal long or short-term use can lead to unrecoverable upholstery damage. This can be caused in particular by non-colourfast clothing.

Please note that the interior colour depends on the selected upholstery colour.

² Not available with Sport seats.

² BMW Individual Extended Merino leather upholstery includes front and rear seats including headrests, inserts in door trim panels, armrests in doors and centre armrest. Contrasting coloured piping on headrests and front/rear seats. Handbrake lever grip and gaiter in Black Nappa leather.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service Retailer**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 3 years or 36,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. And whenever servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service

Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive is transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

BMW EMERGENCY SERVICE.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency.

This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

THE BMW EXPERIENCE.

BMW News: To ensure you're one of the first to hear the latest BMW news and developments, BMW UK offer an email programme. Sign-up at: www.bmw.co.uk/newsletter

BMW World, an iconic building in the Munich skyline. The BMW World is a true brand experience where it's possible to marvel at the historic BMWs in the museum, learn about our engineers' newest innovations and take a tour of the plant to experience with your own eyes the cutting-edge and exacting methods used to create a BMW.

BMW Magazine: Every new BMW customer receives a complimentary subscription to BMW Magazine. This publication features all the latest news and developments from BMW, together with a variety of driving and lifestyle features.

can access the vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Genuine BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service Authorised Workshops** in more than **150 countries**.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive Services.

A function using the built-in BMW SIM card to provide telematic and online services that are fully integrated into your BMW vehicle. All services require connection to a UK mobile network. Some services are available in other European countries. The range of ConnectedDrive Services that are available depends on the specification of the vehicle. The service duration varies depending on the ConnectedDrive Service.

For further information on BMW ConnectedDrive Services and terms and conditions please visit www.bmw.co.uk/connecteddrive-information

BMW FINANCIAL SERVICES.

BMW Financial Services: BMW Financial Services offers a range of finance and insurance solutions designed to help you drive the BMW of your choice. All our products offer you the flexibility to customise your finance, making driving any BMW a reality. After all, who knows more about financing your BMW than BMW.

Finance is provided by BMW Financial Services (Ireland) Limited, Swift Square, Santry Demesne, Santry, D09 R802, Dublin, Ireland.

SHAPING THE FUTURE – RESPONSIBLY.

In 2017, the BMW Group was once more listed in the Dow Jones Sustainability Index. This makes BMW Group the only company in the automotive industry to be listed without interruption since the index was established. The development of efficient vehicle concepts and environmentally friendly production processes, including recycling, is an integral part of our philosophy. BMW EfficientDynamics and electric vehicles have enabled us to cut CO₂ emissions from our European new-vehicle fleet by more than 42% since 1995. We have also reduced the amount of resources used in production, such as water and energy, by 34% between 2006 and 2017, with a reduction to 45% of previous levels aimed at for 2020. In terms of other resources (such as volatile organic compounds, process wastewater and waste) our 45% target was met in 2014, and we will continue to work on further improvement. Production at our engine plant in Steyr has been waste-water free since 2007. And of course, at the end of its service life, every one of our vehicles can be easily and economically recycled. To return your end-of-life vehicle, please contact your BMW retailer. For more information on this issue please visit our website.
