

COMMANDS ATTENTION FROM EVERY ANGLE

Authenticity, precision and purpose. The SUPERB's design conveys each of these in style. The perfectly balanced exterior proportions, sporty silhouette and dynamic horizontal lines have been enhanced, complemented as ever by razor-sharp angles throughout.

HEADLAMPS AND FOG LAMPS

Using a windscreen camera, the Full LED Matrix headlights of the SUPERB can detect a car in front of you or in oncoming traffic. Based on this, the high beam adjusts itself incrementally. This ensures you get the best view without blinding other drivers.

REAR LED LIGHTS

The full LED rear lights are fitted with dynamic indicators, revealing where the driver is about to turn with a sense of vibrancy. The rear lights also feature C-shaped illumination, typical for the ŠKODA family, but updated with a modern twist.

SUNROOF

This electric panoramic sunroof provides extra sunlight and fresh air at the simple touch of a button.

Models shown are not UK specification. Some of the equipment shown is optional.

INNOVATION WITH INTENT

A car interior needs to be more than spacious and inviting, it needs to be intuitive too. Where everything is designed to enhance the drive. Whether that's the position of the controls, the precision of the dashboard or the clever use of ambient lighting.

DYNAMIC CHASSIS CONTROL

This innovative system
ensures the car's suspension
is constantly adapting to suit
the road and driving conditions.
The ride setting can be changed
at the touch of a button in the
centre console.

DIRECT SHIFT GEARBOX (DSG)

DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

FUEL-EFFICIENT ENGINES

Whether you favour petrol or diesel, you'll find a clever engine to suit. All options deliver a comfortable and compelling driving experience.

Models shown are not UK specification. Some of the equipment shown is optional.

SUPERB iV -PLUG INTO THE FUTURE

The SUPERB iV is ŠKODA's first plug-in hybrid, uniting innovative electric drive technology with the iconic design now synonymous with the SUPERB name. Available across SE L, SportLine Plus and Laurin & Klement trim levels.

CHARGING

The socket situated behind the grille allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station an empty battery can be fully charged in five hours.

CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 218PS, whilst in E-mode, the ŠKODA SUPERB iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

AREA VIEW

Four cameras sense the space around the entire vehicle. Located in the front grille, external side-view mirrors and on the handle of the 5th door, increasing the confidence of whoever is behind the wheel.

CONNECT WITH IV FOR EVEN MORE CONTROL

SUPERB iV takes ŠKODA Connect to another level with added functionality aimed specifically at our first plug-in hybrid and it's advanced systems.

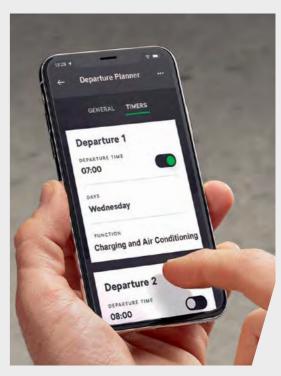

CHARGING STATIONS

Charging stations are easily located with the iV's upgraded navigation system. Latest information about prices, charger types and parameters concerning electricity – all at your fingertips.

REMOTE CHARGING

You can also control battery charging from the comfort of your own home. With the vehicle plugged into the mains, a tap of your smart phone screen can start or finish the process. The battery's current state of charge is also displayed on the screen.

REMOTE AIR CONDITIONING AND DEPARTURE PLANNER

With Remote Air Conditioning, you can cool the vehicle interior prior to any journey. You can also schedule for the car to be air conditioned at a specific time. The departure planner lets you check the battery level and set the time of charging.

LOOKING OUT FOR YOUR SAFETY

The easier your time behind the wheel, the safer your drive will be. It's why the SUPERB boasts a wide range of smart assistance systems to make everyday driving scenarios simpler, not to mention seven airbags as standard for added peace of mind.

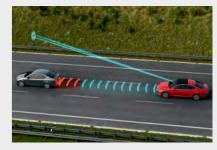

An extra set of eyes on the road that monitors the blind spots allowing you to manoeuvre safely.

ADAPTIVE CRUISE CONTROL

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

PARK ASSIST

This function removes the stress of bay and parallel parking by identifying if the parking spot is big enough before automatically steering into the space.

FRONT ASSIST WITH PREDICTIVE PEDESTRIAN PROTECTION

Using a radar device in the front grille, the Front Assist system is designed to monitor the distance from the vehicle ahead, and also includes an emergency braking function. The SUPERB comes with Front Assist expanded with predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

Models shown are not UK specification. Some of the equipment shown is optional. * Excludes SUPERB iV.

LANE ASSIST

Helping you stay in the intended lane of travel, Lane Assist uses a camera to detect road markings, and supports steering if you veer too close to the edge.

YOUR SUPERB, YOUR WAY

Whether you're carrying bikes, need mudflaps and mats or the latest tech, our range of SUPERB accessories are designed to protect your pride and joy and add that special finishing touch.

NEXTBASE 522GW DASH CAM AND GO PACK

Recording in 1440p HD, the Nextbase 522GW Dash Cam now packs even more features into the UK's most popular dash cam brand. Includes built-in Amazon Alexa, HD touchscreen and Intelligent Park Mode, which begins recording when any physical vehicle movement is detected keeping your SUPERB safe when parked.

LOCKABLE BICYCLE HOLDER WITH ALUMINIUM PROFILE

Providing secure transport for your bicycle, this bicycle rack makes it easy to mount and secure your bicycle to the roof of your car. With its unique design and high-quality workmanship, the rack protects your bicycle and can also be locked to provide better protection against theft.

DOG RESTRAINT/LUGGAGE PARTITION

Create a safe space for pets whilst protecting you and your passengers from the hazard of any unsecured luggage. This premium-quality, custom-made dog restraint is simple to fit, with thumb screw attachments for easy installation, requiring no drilling. Not suitable for vehicles with a sunroof.

BICYCLE CARRIER FOR A TOW BAR

This extremely sturdy rack can carry two bicycles. Easy to fit and even easier to use, simply lift the bicycle up a little to secure in place before heading out for adventure.

Images are for illustrative purposes only. Please ask your ŠKODA Retailer for further information. All the above accessories can only be added to the vehicle after production at a ŠKODA Retailer and some may include an additional fitting cost.

PROTECTION PACK

Muddy boots. Sand-filled towels. Soggy bike gear. Escaping for adventure may be great for the soul, but it's far less kind on your interior. It's why we've created our Protection Pack, which includes front and rear mudflaps, double-sided boot liner and textile or rubber floor mats - all for a special pack price.

MUDFLAPS

Mudflaps prevent stones, grit and road spray from ruining your precious bodywork. This custom design is moulded to fit snugly into the contours of the wheel arches.

PROTECTIVE BOOT TRAY

No matter how mucky things get, it's good to know that there's a boot liner to match it. This clever liner comes with an all-weather texture on one side with a textile reverse. They're quick to fit and remove, and all come with a 5cm raised edge to keep in dirt and make mucky boots a thing of the past.

FLOOR MATS

These quality mats will keep your carpeted floors looking pristine. Thanks to quick release floor poppers, they won't slip around beneath your feet. They come in textile fabric but rubber versions are also available for the more outdoorsy types.

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £355 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard

BIK CALCULATION EXAMPLE

Based on SUPERB SE Hatch 1.5 TSI 150PS DSG ACT		
P11D value		£29,940.00
Company car BiK tax based on CO ₂ emission level		33%
Taxable BiK (for 2022/2023 tax year):	33% of £29,940.00	£9,880.20
Annual company car tax (2022/23)		
20% income tax	20% of £9,880.20	£1,976.04
40% income tax	40% of £9,880.20	£3,952.08
Monthly company car tax (2022/23)		
20% income tax	£1,976.04 divided by 12 months	£164.67
40% income tax	£3,952.08 divided by 12 months	£329.34

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2022/2023.

^{*} Figures for the ŠKODA range, including petrol/diesel and hybrid vehicles. Plug-in hybrid vehicles require mains electricity for charging. Figures for hybrid vehicles were obtained using a combination of battery power and fuel. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 29th November 2022. Choice of wheels and other options may affect fuel consumption and emissions data. ADDITIONAL INFORMATION

ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car's value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

- 1. Part exchange your car for a new ŠKODA on a Solutions contract.
- 2. Pay the optional final payment to own the car.
- 3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today. T&Cs apply. ŠKODA Financial Services.

ŠKODA Car Insurance

ŠKODA Gap Insurance

What is ŠKODA Gap Insurance?

If your ŠKODA is written off, your motor insurer will usually pay out based on the current market value of your vehicle. This could be a lot less than its original value and therefore may leave you with an unexpected shortfall.

Our Gap Insurance helps to cover the gap left by this shortfall to get you back in a new ŠKODA or help pay off any outstanding finance, lease or hire agreement.

There are two options for you to choose from:

ŠKODA Gap Insurance

This pays the difference between the write off settlement from your motor insurer and the price you paid for your ŠKODA or the outstanding balance payable to the finance company, whichever is the greater amount.

If your vehicle is leased or hired, ŠKODA Gap Insurance will cover the difference between the write off settlement from your motor insurer and the early termination charge. This includes any rentals paid in advance as a deposit up to £2,000.

Cover lasts for 36 months and the maximum claim limit is based on your vehicle purchase price.

ŠKODA Gap Insurance Plus

In addition to all the benefits of ŠKODA Gap Insurance, the ŠKODA Gap Insurance Plus policy includes a 12-month fixed benefit. This will start once your 36-month Gap Insurance cover ends.

If your vehicle is written off during the additional 12-month fixed benefit period of insurance, ŠKODA Gap Insurance will pay a fixed sum of £2,500.

ŠKODA Gap Insurance gives you the financial protection your ŠKODA deserves. So you can relax knowing that if you need to make a claim, we could help you get back into a replacement ŠKODA.

To discover the additional benefits and full terms and conditions, please refer to the Cover Booklet.

Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first 2 services for a fixed payment, protecting you from inflation. You can choose to pay upfront or monthly across 24 monthly payments. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

Exclusions, terms and conditions apply. Servicing must be carried out in line with the requirement of the service schedule. All work must be carried out at a ŠKODA Authorised Repairer. Additional work, including wear and tear, is excluded. Freepost ŠKODA Financial Services.

Service intervals

When you order your SUPERB, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at:

Figures for the ŠKODA range, including petrol/diesel and hybrid vehicles. Plug-in hybrid vehicles require mains electricity for charging. Figures for hybrid vehicles were obtained using a combination of battery power and fuel. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load.
